INFINEA X

Introducing the Healthcare Industry's All-in-One Mobile Device

The Infinia X is a durable hardware device for iPhone that equips healthcare administrators to scan, track, and communicate. Bluetooth and VoIP capabilities allow for streamlined communication between devices, while the Infinia X advanced scanning capabilities simplify access to patient information, medication orders, and inventory. Toggle between these platforms at the touch of a button, and always stay prepared with multi-functional alert features so you can give your patients the best care they deserve.

MULTI-PURPOSE SCANNING CAPABILITIES

A 1D/2D High-Speed barcode scanner allows users to manage inventory, track medication orders, accelerate admissions, and capture data. Class 2 laser and CMOS Image sensor (752 x 480) ensures accurate information capture.

OPTIMIZED DATA MANAGEMENT

The high speed barcode scanner enables a wide range of data management capabilities. Scan doctors' orders, patient wristbands, and medical inventory for a consistent, comprehensive overview of healthcare operations. Easy-to-use data capture functions allow administrators to manage inventory and patient information.

STREAMLINED COMMUNICATION TOOLS

AVoIP compatible front/rear speaker with microphone enables quick communication between devices. Connect to Bluetooth and Wifi for on-the-go interactions. Push to talk features, customizable LED alerts, and vibration haptics allow users to be informed and alerted rapidly.

ADAPTABLE SOFTWARE PLATFORM

Infinia X is compatible with a range of software platforms and offers a variety of software tools. It also features an easy to use API interface and SDK so you can integrate existing platforms without difficulty. Optimize data capture with MDM support and Single Dashboard capabilities.

SAFE, SECURE, RELIABLE

Infinia X is health, safety, and security certified. Including FCC and CE certifications to ensure the Infinia X is a secure device you can trust. Two-factor authentication features guarantee patient and other sensitive information stays secure.

DISINFECTANT-READY

Fully ruggedized device makes the Infinia X suitable for all environments. The case features a secured installation that protects the device from a 4ft drop to concrete. It also has an IP rating and custom materials that can withstand medical grade cleaning agents and is disinfectant-ready.

COMPATIBLE INDUSTRIES:

Healthcare

Hospitality

Supply Chain

INFINEA X SPECIFICATIONS

MECHANICAL

Dimensions (L x W x D)	Weight
164mm x 83mm x 27.7mm	213g
6.5in x 3.3in x 1.1in	7.52oz

ENVIRONMENTAL

Operating Environment	Storage Environment
10°C to +40°C	-20°C to +50°C
5% to 90% RH	5% to 90% RH

CERTIFICATIONS

Certifications

FCC, CE, MIL STD 810G Drop rating

Disinfectant-Ready

Able to withstand tough medical grade cleaning agents.

ELECTRICAL

Barcode Scanner

2D High Speed imager, Aimer ,650nm Class 2 laser, Image Sensor 752 x 480 CMOS

Standard Features

2D Barcode imager (with the ability to scan 1D barcodes), Bluetooth, RFID

Bluetooth

Bluetooth 2.0 compatible Class 2 Distance-Up to 10m Serial Port Profile (SPP)

Indicator

4 programmable color LED's (green, blue, red and orange)

Battery

User-replaceable rechargeable hand pack Li-ion Battery standard (1900mAH) and extended (3800mAH)

Power Port

Custom charging and sync cradle

Power Input

5V
